### SEAL LICENSING

No seals have been culled under the Argyll DSFB licence in 2020/21. An application was submitted for 2021/22 which was unsuccessful. FMS are in discussion with Marine Scotland regarding blanket rejection across all boards of seal licence applications

### AQUACULTURE ESCAPES

There have been no further reports of escape fish however it is believed that Dawnfresh reported a hole in one of their nets in Loch Etive last month. It is understood that approximately 40 rainbow trout were caught in the lower River Awe. There has been no official report of the escape yet.

### CONSULTATIONS – since March 2021

Consultations are updated on the ADSFB website [argyll.dsfb.org.uk](http://argyll.dsfb.org.uk)
